Join our Free NCEA Exam Revision Hubs in the school holidays!

Are you sitting any Level 2 or Level 3 Calculus and Physics NCEA Externals this year?

Want to get some intensive revision done in a welcoming and friendly place?

During the Term 3 holidays we are running in-person sessions on campus at the University of Auckland for Level 2 (30 Sept – 3 Oct), and virtual sessions for Level 3 (7 Oct – 10 Oct) across all the externals.

You can attend as many sessions as you wish, all the details are in the links. For the virtual sessions you'll need to register separately for each session you would like to do.

The in-person sessions will include some light snacks, and the option to stay on to learn more about Engineering at UoA!

Gateway with Youthline Wellington 2025

Youthline Wellington is excited to inform you that applications for Youthline Wellington's Youth Development Programme (YDP) 2025 are now open!

Applications are via the school Gateway contact Paula Willis, please email wsp@whs.school.nz to express your interest.

Programme info

YDP is a Gateway Programme for year 12 and 13 students in Youth Work. If you are interested in Youth Work, other social sectors or simply supporting people in your community, this is the perfect way to begin your journey! This programme runs outside of the classroom setting and is youth-focused, meaning we always aim to work in ways that suit young people in the programme.

The programme runs on Wednesdays in Terms 2 and 3 with the option to continue into Term 4 to complete a full Level 3 Certificate in Youth Work. We run two groups, one in Wellington Central, and one in Porirua, so you can choose what option you think will work best for you. Sessions run from 1 pm – 3 pm in Porirua and 4 pm – 6 pm in Wellington Central. You can earn 31 Level 3 credits in Youth Work in Terms 2 and 3 and an additional 14 credits if you continue into Term 4 (45 credits total).

What is Outward Bound?

Outward Bound is a non-profit organisation specialising in personal and professional development - we aim to help create better people, communities, and a better world. People of all ages, cultures, abilities, and backgrounds are welcome at Outward Bound. Located in Anakiwa in the Marlborough Sounds, we help you reach your full potential through challenges in the outdoors. Our classrooms are the mountains, bush and waterways of this beautiful corner of New Zealand.

All Outward Bound courses are designed on these principles:

Learning Through Experience

Learn by doing! Learn more about yourself and others from challenge, success and failure, self-reflection and feedback. All activities are designed to promote learning that can be transferred to home and work.

Adventure and Challenge

Our courses are based on real adventure. You will have experiences that are physically, mentally and emotionally challenging. We will push your limits and help you conquer your fears!

Physical Activities in the Outdoors

All activities involve situations where there are real consequences. Our highly skilled instructors deliver our courses, which will include activities such as Sailing, Kayaking, High ropes, Rock climbing, Solo experience, Tramping, and Physical training. You don't need previous outdoor experience to participate.

Find courage, determination, and instant life-long friends on our adventure-packed courses for teens.

YOUR EDUCATION

High School Exchanges

What is a High School Exchange?

On a high school exchange, you live in another country for a chosen period, during which you attend a local high school and live with a host family.

You must be between 15 and 18 years old to be eligible for an exchange. The time you will be away can be anything from four weeks to a year. You live your normal life like how you would here in New Zealand - you go to school, catch up with friends and help keep your room tidy (right?). Except in the case of student exchange you do all of this in another country - learning about a new culture and possibly even a new language, living with a new family and hanging out with new friends.
