Wellington High School Careers Expo 2024

Monday, 12 August 2024, 10.30 am - 4.00 pm, The Riley Centre

Wellington High School has successfully held Careers Expos for many years. It **'fits in'** with a broader Future Focus theme at this time of the year. Students and families will plan course/subject options for 2025 and specific subject requirements for studying with training providers. The focus is on students (Yrs 10 - 13), getting good, accurate, and up-to-date info linking to further study and training opportunities.

In the weeks leading up to this event, each level of students will have resources and information to prepare them for this event. This will best prepare them to make the most of the opportunity. After the event, there will be an opportunity for students and parents to check their thinking, ask more questions, and then go ahead and make well-informed subject choices for 2025.

There will be a wide range of universities, local/regional providers like Polytechs, Private Providers and Community organisations which will be highlighting vocational pathways. A fantastic opportunity to ask questions and gather relevant information. Parents are welcome.
